

# Invitation to Submit to International Journal of Regional Anesthesia

Dear AORA Members,

This is an invitation to contribute to the upcoming issue of International Journal of Regional Anaesthesia [IJRA] which will be a special AORA issue to be released during AORA Conference this year. As you know IJRA is the official journal of AORA and through this upcoming special issue we wish to showcase the work done by our members. We would sincerely request all AORA Members to contribute.

We would need contributions in form of original research, techniques, case reports and systematic reviews for this Special issue of AORA. This will help making our work being read by many and will also add value to our journal. The last date for submission will 15 July 2018. For authors guidelines and submission please visit the website <https://ijrajournal.com/> or write to us or editor at [editor.regional.anaesthesia@gmail.com](mailto:editor.regional.anaesthesia@gmail.com)

For any query please feel free to contact us

AORA Team & IJRA Editorial Board
